Crowley County School District RE-1J
School Accountability Report
2008 – 2009 School Year

From the Board of Education
To Our Community

Mrs. Pam Arbuthnot – Principal
Crowley County Elementary
719-267-3558
Mr. Jim Trainor, Principal
Ward Middle School
719-267-9880
Mrs. Lisa Bauer- Principal
Crowley County High School
719-267-3582
John C. McCleary - Superintendent
719-267-3117

This School Accountability Report was prepared by
Crowley County School District RE-1-J
For more information contact the District Office at:
719-267-3117

The Board of Education is pleased to present this School Accountability Report to the patrons of the Crowley County School District RE-1-J concerning Crowley County School District.

This accountability report summarizes critical pieces of information about our students' academic performance, the school staff, and the school environment for the 2006-2007 School Year.

The Board recognizes that this report cannot possibly convey the full richness of the educational process that takes place in the Elementary School. We believe this report provides information which parents/guardians and taxpayers should know about our school.

The district is currently establishing baselines from which annual academic growth can be determined and measured. Our School Accountability Report will present a snapshot of our students' level of proficiency.

As a member of the Board of Education, we are grateful for the opportunity to serve as trustees of the education of our community's children.

ACT has established the following as college readiness benchmark scores for designated college courses:

*English Composition: 18 on ACT English Test

*Algebra: 22 on ACT Math Test

*Social Science: 21 on ACT Reading Test

*Biology: 24 on ACT Science Test

Sincerely:

Crowley County School District

Dear Parents,

Thank you for reading our annual accreditation and accountability report to the community. Crowley County RE-1J is required by statute to annually report our progress towards meeting established accreditation goals. This year-end report is simply one piece of how we communicate with the public. This report, taken in concert with the state issued School Accountability Report, annual budgets and audit reports, minutes of meetings of the Board of Education and periodic other means of public communication, paints a picture of what is happening at Crowley County School District. The Board of Education, Administration and Staff of Crowley County School District are committed to open communication about how and why we operate the schools of the District.

Please keep in mind that this report is based on the data from our last school year (2008-2009). Using this data to guide our decisions this fall, we have developed school improvement plans with changes in place to improve the performance of our schools.

You can check out all of district performance on all areas of CSAP and compare us in terms of growth and achievement at CDE's new website- www.schoolview.org . This is a terrific tool and allows anyone access to see how CCSD performs on state tests.

Description of Our Schools

Crowley County School District has a student population of 503 which includes K through 12th grade students. While our student population has been higher in the past, our numbers are declining yearly. We have three buildings- Crowley County Elementary, Ward Middle School and Crowley County High School. The majority of our students come from four areas of the county- Olney Springs, Crowley, Ordway and Sugar City. All of our district facilities except for one gymnasium in Sugar City are located in Ordway, Colorado.

Crowley County School District has over 100 full-time and part-time employees that serve students in a variety of needs. The majority of employees provide instruction for Crowley County's students. The rest focus on support services such as custodial, food preparation and transportation.

Crowley County School District provides a wide variety of learning experiences for students who attend our schools. Students receive instruction in core courses of math, science, reading, writing and social studies as well as a number of electives in subjects such as art, music, band, PE, knowledge bowl, foreign language, and drama. Crowley County School District serves a high number of at-risk students, especially relating to socio-economic status. Our free and reduced lunch rates for the 2007-2008 school year is at 65%. The state average is 30.2%.

School Attendance

Since the 1990's it has been a goal of all schools in Colorado to have a minimum of 95% attendance rate.

2001-02 ---------95.1%
2002-03 ---------94.0%
2003-04 ---------94.3%
2004-05 ---------94.0%
2005-06 -------- 93.2%
2006-07 -------- 92.8 %

Out-of-School Suspensions:

Appropriate behavior and student conduct is necessary to provide a productive learning environment. A student may be placed on out-of-school suspension for chronic classroom disruption, violation of the code of conduct in the school building or attendance. Colorado law defines student disruption as: [1] Continued willful disobedience or open and persistence defiance of proper authority.

Expulsions

Crowley County usually has low expulsion rates. One student was expelled for offenses last year that violated school board policy and habitually disruptive statutes.

Student Performance on CSAP

The 2008-2009 Colorado State Assessment Program (CSAP) included assessments in Reading, Writing and Math in grades 3-10, and Science assessment in grades 5,8 and 10. In addition, all 11th

grade students were administered the ACT as part of the state-wide program. This expanded assessment program allows us to more accurately measure the growth of our students from year to year, and to use the results of these assessments to guide our instructional program to better meet the needs of all of our students.

Crowley County's accreditation contract with the State Board of Education requires the reporting of certain elements regarding student performance. This includes overall student performance by grade and subject level, student performance by student group (demographics), performance over time (trends) and comparison to state averages. The following tables provide information on the percentage of students performing at the Advanced and Proficient levels.

The increasing emphasis on "leaving no child behind" seems to dictate a "sorting" of students by various demographic categories to identify potential achievement gaps. The primary demographic disaggregating of our student population is based on gender and ethnicity groups to break out which we must do according to State regulations.
